TO BE CREATIVE MEANS
TO BE IN LOVE WITH LIFE.

PERSONAL STATEMENT

I am a passionate Marketing Expert and Multimedia Designer from Mexico City, with deep expertise in Marketing and Digital Content. My skills encompass UX/UI design, motion graphics, business administration, and a strong connection to the world of video games.

With over 10 years of experience as both a freelancer and a full-time professional, I excel in collaborative environments, particularly when surrounded by individuals who share my enthusiasm for creativity. My work spans a diverse range of companies, from leading AAA firms to innovative startups.

Currently, I focus heavily on business development through strategic digital initiatives at Mezcal Casa Armando. My daily tools include JavaScript and Python for managing user data and enhancing digital experiences. I also utilize Webflow for e-commerce and CMS development, integrating it with MailChimp for seamless marketing automation.

I believe that continuous learning and an open-minded approach are key to creativity. I am driven by discipline and curiosity, always eager to absorb new ideas and embrace diverse experiences. Interested in collaborating? Let's explore how I can be the perfect fit for your team!

WORK EXPERIENCE

1

Year

2023

Digital Coordinator

Mezcales Casa Armando

At MCA, I played a pivotal role as the Digital Coordinator. Entrusted with overseeing our social media landscape, I was responsible for curating timelines and producing engaging content tailored to our audience. Beyond content, my duties extended to orchestrating comprehensive digital strategies, ensuring alignment with our brand vision and goals across all digital platforms.

3

Years

From 2019 to 2023

Sr. Designer for marketing

DICIO - Salinas Group

Salinas Group, I spearheaded the design of landing pages and corporate videos, providing direction across various projects. My contributions were pivotal in the development of corporate identities and the formulation of comprehensive brand manuals.

1

Year

From 2018 to 2019

Art Director

Live 13.5

In my role as Art Director at Live 13.5, I was entrusted with translating client requirements and the vision of the General Management into compelling visual narratives.

2

Years

From 2017 to 2019

Sr. Designer & Video editor

Capital 21 CDMX

At Capital 21 CDMX, I channeled my expertise into editing audiovisual content, primarily post-producing the headline news for Capital 21's TV and Radio broadcasts in Mexico City.

2

Years

From 2015 to 2017

Jr. Designer

Concepto Móvil

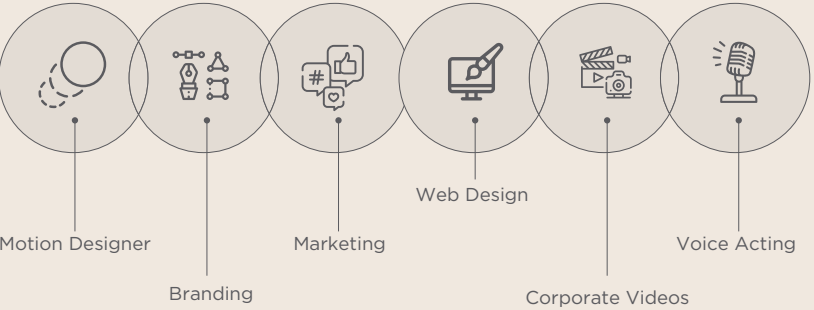

At Concepto Móvil, I crafted animations tailored for various company sectors and designed animated GIFs specifically for the company's Mobile Phone Clubs.

MY SPECIALITIES & PROJECTS

I excel in creative and front-end development, blending motion graphics, web development, and voice acting with strategic brand evolution and project planning. My focus spans from AAA companies to startups, optimizing operations and expanding businesses.

In web development, I create e-commerce and CMS solutions using Webflow, with automation via MailChimp and personalized user experiences. Daily, I utilize JavaScript and Python to enhance functionality and manage user data, driving better segmentation and analysis.

My expertise extends to AI, where I leverage platforms like OpenAI for content creation and workflow optimization. I also design digital marketing strategies, maximizing reach and conversion through data-driven insights and advanced SEO.
